President

RUPERT C. THOMPSON
Secretary

Newton, the Garden City, covers an area of 18 square miles, has a population of 70,000, high civic standards, one of the best school systems in the country, and because of its close proximity to Boston, has unusual advantages as a place of residence.

The Newton Chamber of Commerce is an organized, co-operative agency to advance the civic, industrial, mercantile, and development interests of all the Newtons.

There are three types of Membership—Civic—Business—Sustaining.

This organization is only made possible through the wholehearted co-operation and support of the people of all the Newtons. Every Citizen should be a member.

Join Your Chamber of Commerce.

It renders constant, practical and effective service and welcomes inquiries at its offices conveniently located at

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1943 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Newton in 1940, when the United States Census was taken was 69,873.

Five Major Departments

The five major departments are arranged in the following order:--

THE MISCELLANEOUS DEPARTMENT, pages 8 to 23 on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 33 to 656, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, beginning opposite page 656 and separately paged from 1 to 52, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Newton. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newton, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 657 to 703, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 711 to 904. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Valuable features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones as given to our enumerators.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for limited free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

City Directory Statistical Review

Suggested and Planned by American Community Advertising Association

Adopted by Association of North American Directory Publishers

NEWTON, MASSACHUSETTS

"The Garden City"

Form of Government: Mayor and Board of Aldermen; each of the seven wards represented by three members: one alderman elected by the ward, and two aldermen-at-large elected from the ward on a general ticket; election held biennially on the Tuesday next following the first Monday in November of the odd numbered years.

Population: U. S. Census 1940; 69,873

Area: 18 square miles.

Altitude: 15 to 320 feet.

Assessed Valuation: (1941) \$169,051,900 with \$27.00 tax per thousand.

Colored Population: 600 estimated.

Native Born Population: 76.9 per cent. of whole population

Predominating Nationalities in City: Native American; Irish, Canadians and Italians.

Parks: City, 420 acres; includes 211.84 acres playgrounds and 95 acres Water Works land; Metropolitan, 233 acres; includes 12 acres Quinobequin Road, from Washington Street, Lower Falls to Boylston Street, Upper Falls.

Building and Construction: Value of building permits in 1942, \$524,384; 404 permits; including 43 single dwellings at a cost of \$243,850.

Dwellings: Total number, 18,338.

City Served by: Boston & Albany railroad and Middlesex & Boston bus service.

Amusements: There are two theatres and one amusement park. Theatres seat 2,700 people.

Hospitals: One with 290 beds.

Education: Andover Newton Theological School, Boston College, Lasell Junior Col-

lege and Fessenden. Number of schools, thirty-eight, including five high schools, eight parochial and diocesan schools. Number of pupils in public schools 12,393; in private schools 920 (estimated); in parochial schools 2,010. Total of all teachers in public schools is 527.

Libraries: There are 212,779 volumes in the libraries of the city.

City Statistics: Total street mileage 275, 197 miles of accepted streets, 78 miles private ways and 4.17 miles State Highway. Miles of sewers laid 201.87, Metropolitan 2.94. Capacity of water works (state and municipal) 10,000,000 gallons daily average pump of 5,130,000 gallons, with 241.717 miles of mains and value of plant estimated at \$4,000,000. Fire department employs one hundred and thirty-eight men with following motor equipment; nine autos, ten motor engines, two hook and ladder trucks, one lighting plant, one aerial truck, in ten station houses. Police department has 140 men with eighteen pieces of motor equipment.

NEWTON

Interesting Facts Regarding the City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Although the march of time has brought changes to Newton in every part, though much of its barren land has been transformed into house lots and streets, though many of its old farm houses have been turned into modern dwellings, still Newton maintains an abundance of its natural beauty which has given it the name of the Garden City—widespread recognition as a city of beauty—a city of homes.

The Charles River winds its course along the northern and western boundaries for more than sixteen miles, adding utilized water power at its upper and lower falls and much beauty to the scenery for miles around. Newton has that same New England atmosphere which characterizes so many other Massachusetts cities, with its stable type of people whose interests are centered in their homes and the finer things of life. Each and every part of Newton typifies the modern "home city," a source of admiration to all visitors and of pride to its citizens.

A Few Historical Facts

As early as 1631 Newton was settled and fortified, less than a year after the foundation of Boston. In those days, Newton consisted of a large tract of land with a dwelling here and there—a modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's hand-book of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nane-pashemet's daughter, one of her perquisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688, being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Eliot memorial, which bears this inscription: "Here at Nonantum, October 28, 1646, in Waban's Wigwam near this spot, John Eliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so, history repeats itself down through the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians, to the World War.

Population

The best estimates of the present population of Newton indicates that it is over the seventy thousand mark today. This shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort—good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is manifested by the high standards of administration which this city has always experienced.

Newton has a police force of 140 men, giving it protection at all hours of the day and night. Within recent years, all new modern fire apparatus has been installed. The fire

department with 138 permanent men is always ready at hand to meet every emergency.

Educational Opportunities

One factor which has always given Newton a high standing in the estimation of those looking for a good "home city" is its superb system of schools. Since the early days of 1699, when the first little schoolhouse was built and John Staples became teacher, holding his scholastic sessions four days in each week for a stipend of two shillings a day, the school system of Newton has grown nobly.

Since those early days, Newton has developed tremendously along educational lines. Now there are high grade modern buildings—schools of the highest type for this purpose, with proper exits and due caution against fires and other emergencies. There are also new modern high schools, and the number of pupils that enter the high schools has increased appreciably within the last decade. There also are several very fine private schools. The Lasell Junior College, with its beautiful spacious grounds, established 1851, has long been famous. This young ladies' academy has admitted young women from all parts of the United States.

Among other well-known private schools within the city are Fessenden, and Mtida Junior College. The higher institutions of learning are represented by Boston College, in the Chestnut Hill section of the city, and the Andover Newton Theological School (1825) at Newton Centre.

Newton also has a splendid playground system which has developed tremendously within the last decade. There are now many beautiful spots which have been turned into playgrounds for the young. These playgrounds are in charge of very efficient young men and women and the children are taught all sorts of healthful games, while other educational opportunities and interests are encouraged and promoted.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in September, 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre street, the ancient main thoroughfare of the town. The Newton Library contains 212,779 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of the Newtons, the most recent one being that established in Newtonville.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-seven in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a federation of Women's Clubs, Kiwanis and Rotary, and the Newton Chamber of Commerce.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. In 1872 the village had risen to 940. A little later the village of Newton Highlands was not much more than a crossroads settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding. Beautiful modern structures are constantly being erected. Among the later ones the Angier Memorial School at Waban, the Oak Hill School at Newton Centre, the Franklin School at West Newton, the Eliot Lincoln School at Newton, the West Newton Memorial Library and the Newtonville Branch Library, add much to the appearance of these sections. There are also the Christian Science Church and the Junior High School in Newtonville

and Boston College in the Chestnut Hill section.

Business Activities and Opportunities

Although Newton is widely known as a residential city, it has various manufacturing activities. At Lower Falls is located one of the first paper mills established in the country. In Newton there are also machine shops, and factories engaged in the manufacture of fire alarm supplies, silk, worsted, rubber, paper boxes, curtains, railway signals, cordage, radio tubes, knit goods, &c.

There are numerous retail stores and specialty shops, pharmacies, modern sanitary markets and food shops, and up-to-date clothing stores well managed and well stocked, a complete range of merchandise at prices as low as any in the large centers.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, 297 Walnut Nv

LIBRARY DEPARTMENT

Newton Free Library

414 Centre st., Newton

Org 1869. Inc. 1871. Transferred to City of Newton 1876. President of Board of Trustees, Mrs Virginia M Hutchinson. Treas, Thos Weston. Sec, Harold A Wooster. Trustees: Jas P Gallagher, Mrs Virginia M Hutchinson, Vincent P Roberts, Thomas Weston, Guy M Winslow. Appointed by the Mayor and confirmed by Board of Aldermen.

Committee on Books: The President, ex-officio, Thos Weston, Jas P Gallagher. Committee on Buildings: The President, ex-officio, Vincent P Roberts, Guy M Winslow. Librarian: Harold A Wooster. Department Heads: Helen L Saunders, Asst to the Librarian; Alice E Dickinson, Branch Department; Margaret G Hooper, Catalog; Sarah S Wood, Circulation; Helen P Lane, Fine Arts; Mildred N Frost, Reference; M Gertrude Sweeney, Repair of Books Boys' and Girls' Library of the Newton Free Library; Florence B Sloan, Supervisor of Work with Children; Marie McLaughlin, Head of Schools Division

The Main Library was incorporated in 1871 and was built, furnished and maintained for five years through the liberal contributions of citizens, a fund of over \$65,000 being formed for the purpose, of which sum the late J Wiley Edmands contributed \$17,000. In March 1876 the entire property of the Library was given to the City of Newton on condition of its maintenance forever as a Free Library. In 1887 a large addition was built by the City, and again in 1912 a large stack room was added. The plant was completed by the building of a three-car garage for the library trucks in 1925.

In 1926 the citizens of West Newton presented to the City a new branch library building and grounds, valued at over \$62,000, and in January 1928 the citizens of Newton Centre and Auburndale gave new buildings and land, valued at about \$63,000 and \$52,000 respectively. In 1930, the citizens of Waban presented to the City a new branch building valued with grounds at \$75,000. A fine new building costing over \$100,000, the largest branch in the system, was dedicated at Newtonville. December 1, 1939. The money for the large site was raised by Newtonville citizens. The building was a P. W. A. project. In 1934 the residence of the late John C Chaffin, 124 Vernon St., acquired by the City in 1930, was remodelled for a "Boys' & Girls' Library". The former quarters of that department in the main building now house the Art Department. At Lower Falls a remodelled engine house serves as the village library.

At Highlands, Upper Falls and Oak Hill, the libraries are in school houses, and in Nonantum, rented quarters are used.

On January 1, 1943 the Library owned 212,779 volumes, to which additions are constantly made. The circulation for 1942 was 750,620.

For 1942 the annual appropriation by the City was \$102,988 for the Library with its ten branches. In addition there was received from Trust funds in 1942 as follows:

Jewett (Art)	\$603.35
John C Chaffin	164.65
Mary Shannon	181.50
Horace S Cousens	163.56
Alden Speare	80.36
Elizabeth Spear	48.98
Oliver Fisher	41.78
Sarah L Graves	10.00

\$1,294.18

From the Duplicate Pay Collection (Howes Fund)	\$3,141.49
John R Prescott	35.00
Gifts for Story Telling and Books	50.00
Poetry—Newtonville	62.67

\$4,583.34

In addition to books and periodicals there is in the Newton Free Library a large collection of mounted photographs of art and industrial pictures; also over seven thousand stereopticon slides of geographical and industrial subjects, and many stereographs. These are loaned to all desiring to make use of the material.

The Library has also a large duplicate collection, the volumes of which are loaned for two cents a day, which is operated under the Howes Fund.

Main Library open daily 8 AM to 9 PM. (Summer schedule—closed Wed and Fri evenings), Sundays from Jan 1 to Mar 31, 2:30 to 5:30 PM. Closed all holidays. Hours at the Branches vary. Call BIGelow 9040

WARD BOUNDARIES

Adopted by the Board of Aldermen, June 24, 1912

Ward One.—Bounded by a line beginning at a point in the boundary line between the city of Newton and the town of Watertown, at its intersection with the prolongation of the centre line of Emerson street; thence running southerly by said prolongation and by the centre of Emerson street to the centre of Pearl street; thence southeasterly by the centre of Pearl street to the centre of Channing street; thence southerly by the centre of Channing street to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Centre street; thence southerly by the centre of Centre street to the centre of Mill street; thence westerly by the centre of Mill street to the centre of Blake street; thence northerly by the centre of Blake street to the centre of Cabot street; thence easterly by the centre of Cabot street about fifty feet to the prolongation of the westerly boundary line of Cabot park; thence northerly by said prolongation and by the westerly boundary line of Cabot park to the centre of Laundry brook at Newtonville avenue; thence northerly by the centre of Laundry brook to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Adams street; thence northwesterly by the centre of Adams street to the centre of Middle street; thence northeasterly by the centre of Middle street to the centre of Chapel street; thence northwesterly by the centre of Chapel street to the centre of California street; thence westerly by the centre of California street to the centre of Bridge street; thence northerly by the centre of Bridge street to the boundary line between the city of Newton and the town of Watertown at Charles river; thence easterly, southwesterly and easterly by said boundary line to the point of beginning.

Ward Two.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the town of Watertown at the centre of Bridge street; thence running southerly by the westerly boundary of ward one to the centre of Mill street; thence westerly by the centre of Mill street to the centre of Morton street; thence southerly by the centre of Morton street to the centre of Commonwealth avenue; thence westerly by the centre of Commonwealth avenue to the centre of Valentine street; thence northwesterly by the centre of Valentine street to the centre of Bigelow road; thence easterly and northerly by the centre of Bigelow road to its intersection with the prolongation of the centre line of Forest avenue; thence northerly by said prolongation and by the centre of Forest avenue to the centre of Mt. Vernon street; thence easterly by the centre of Mt. Vernon street about three hundred and ten feet to the prolongation of the westerly boundary line of land of the Newtonville New Church Society; thence northerly by said prolongation and by said boundary line and its prolongation northerly to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Eddy street; thence northerly by the centre of Eddy street to the centre of Watertown street; thence easterly by the centre of Watertown street to the centre of Albemarle road; thence northerly by the centre of Albemarle road to the centre of North street; thence northwesterly and northerly by the centre of North street to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said boundary line to the boundary line between the city of Newton and the town of Watertown; thence easterly by said last named boundary line to the point of beginning.

Ward Three.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Waltham at the centre of North street; thence running southerly by the westerly boundary of ward two to the centre of Commonwealth avenue at Valentine street; thence westerly by the centre of Commonwealth avenue to the centre of Fuller street; thence westerly by the centre of Fuller street to the centre of Commonwealth avenue; thence westerly by the centre of Commonwealth avenue to the centre of Washington street; thence northeasterly by the centre of Washington street to the centre of Greenough street; thence westerly by the centre of Greenough street to the centre of Auburn street; thence easterly by the centre of Auburn street to the centre of Crescent street; thence northerly by the centre of Crescent

street, crossing the Boston and Albany railroad, to the centre of Webster street; thence westerly by the centre of Webster street to the centre of Murray road; thence northerly by the centre of Murray road to the centre of Auburndale avenue; thence easterly by the centre of Auburndale avenue to the centre of River street; thence northwesterly by the centre of River street to the centre of Lexington street at Rumford avenue; thence northwesterly by the centre of Rumford avenue to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said boundary line to the point of beginning.

Ward Four.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Waltham at the centre of Rumford avenue; thence running southerly by the westerly boundary of ward three to the centre of Commonwealth avenue at Washington street; thence southwesterly by the centre of Washington street to the centre of Beacon street; thence easterly by the centre of Beacon street to the centre of Varick road; thence southerly by the centre of Varick road to the centre line of the Cochituate aqueduct of the Metropolitan Water Works; thence southwesterly by the centre line of said aqueduct to the boundary line between the city of Newton and the town of Wellesley at Charles river; thence westerly by said boundary line to the boundary line between the city of Newton and the town of Weston; thence northerly by said last named boundary line to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said last named boundary line to the point of beginning.

Ward Five.—Bounded by a line beginning at a point in the boundary line between the city of Newton and the town of Wellesley at the centre line of the Cochituate aqueduct of the Metropolitan Water Works; thence running northeasterly, westerly and northeasterly by the easterly boundary of ward four to the centre of Commonwealth avenue; thence easterly by the southerly boundary of ward three to the prolongation of the westerly boundary line of the land of the Newton Cemetery Corporation; thence southerly by said prolongation and by the westerly boundary line of the land of the Newton Cemetery Corporation to the division line between lands of Elizabeth A. Reeves and Hannah E. King; thence southerly by said division line and its prolongation to the center of Beacon street at a point about opposite the easterly line of Winslow road; thence easterly by the center of Beacon street to the center of Walnut street; thence southerly by the center of Walnut street to the center of Berwick road; thence easterly by the center of Berwick road to the center of Lake avenue; thence southerly by the center of Lake avenue to the center of the old location of Rogers street; thence easterly by the center of the old location of Rogers street to the center of Centre street; thence southerly by the center of Centre street to the center of Clark street south of the common; thence southeasterly by the center of Clark street to the center of Boylston street; thence easterly by the center of Boylston street to the center of Florence street; thence southeasterly by the center of Florence street to the boundary line between the city of Newton and the town of Brookline; thence southwesterly and southeasterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southwesterly by said last named boundary line to the boundary line between the city of Newton and the town of Needham; thence northwesterly by said last named boundary line to the boundary line between the city of Newton and the town of Wellesley; thence northwesterly by said last named boundary line to the point of beginning.

Ward Six.—Bounded by a line beginning at the boundary line between the city of Newton and the town of Brookline, at the center of Florence street; thence running northwesterly by the northeasterly boundary of ward five to the southerly boundary of ward three at Commonwealth avenue; thence easterly by the southerly boundary of ward three to the southerly boundary of ward two; thence by the southerly boundary of ward two to the southerly boundary of ward one; thence by the southerly boundary of ward one to the center of Cotton street; thence easterly by

the center of Cotton street to the centre of Waverley avenue; thence northerly by the center of Waverley avenue to the center line of Montrose street; thence easterly by the center line of Montrose street and its prolongation to the center line of the Cochituate aqueduct of the Metropolitan Water Works; thence easterly by the center line of said aqueduct about two thousand six hundred and sixty-five feet to the southeasterly boundary line of the land of the Devises of Dana Estes; thence northeasterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southerly, easterly and southeasterly by said last-named boundary line to the boundary line between the city of Newton and the town of Brookline; thence southwesterly by

said last-named boundary line to the point of beginning.

Ward Seven.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Boston, at the northerly boundary of ward six; thence running westerly by the northerly boundary of ward six to the easterly boundary of ward one at Center street; thence northerly by the easterly boundary of ward one to a point in the boundary line between the city of Newton and the town of Watertown; thence easterly, northeasterly and easterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southerly by said last-named boundary line to the point of beginning.

Trust Funds, January 1, 1943

Kenrick Fund, \$4,000 income for needy and worthy poor of Newton

Read Fund, \$40,000, income to be expended as follows:

Annual picnic or sleigh ride for children of the village of Newton Corner not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton. For trustees of this fund see page 14

Eliot Memorial Fund, \$326.87

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed. For trustees of this fund see page 14

John C. Chaffin Educational Fund

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditure for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

The Horace Cousens Industrial Fund, Jan. 1, 1939, \$744,116.88

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest 25 per cent less than the current bank charges.

The Elizabeth Spear Fund, \$340

The income to be used to provide Christmas Cheer for the inmates of the City Farm.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We have been led to mention this from the fact that certain parties have been *fraudulently* using our publications as specimens, and by this means *collecting money* in advance.

Before signing an order, see that it has the name of R. L. POLK & CO., printed thereon. We ask no payment until the work is delivered, and our solicitors have orders not to request payment for either advertising or subscriptions in advance.

R. L. POLK & CO.

District Office: 179 LINCOLN STREET, BOSTON, MASS.

Secretary and Trust Officer

. . . DEPARTMENTS OF SERVICE . . .

General Banking

Accounts subject to check cordially invited and assured good service in every detail.

Interest allowed on Time Deposits subject to regulations of Federal Reserve Board.

Long Term Mortgage Loans with or without Federal Housing Administration Insurance, handled promptly and efficiently, also Federal Housing Administration Home Renovation Loans. Other loans consistent with sound banking principles are available to all the people of Newton.

Savings Department

Savings accounts are welcome. Massachusetts law now limits such accounts to \$10,000.00. Interest starts on deposits fifth day of each month and is free from Massachusetts Income Taxes.

Safe Deposit Vaults

Are provided at all seven available Offices. They are modern in construction, electrically protected and of such character as to offer adequate protection against burglary and fire. Private boxes for rent in these Vaults at low cost per year.

Trust Department

The Newton Trust Company is authorized by the Commonwealth of Massachusetts to act as Executor and Trustee under Wills, Administrator of Estates, Trustee under Living (or Voluntary) Instruments of Trust. To learn of this important service is to appreciate its value. Our officers will be glad to arrange conferences by appointment.

All Business Cordially Invited

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

\$15.00 per copy; \$20.00 in Canada
and foreign countries.

POLK'S NEWTON

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1943

Copyright, 1943, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The Boston Postal District in which Newton is included has been divided into Numbered Zones. Mail addressed to the Newtons will carry the following Zone numbers. Auburndale No. 66, Chestnut Hill No. 67, Newton No. 58, Newton Centre No. 59, Newton Highlands No. 61, Newton Lower Falls No. 62, Newton Upper Falls No. 64, Newtonville No. 60, Waban No. 68 and West Newton No. 65.

*Indicates accepted streets.

**Indicates partly accepted streets.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face street numbers and business being given.

The Δ preceding names denotes householders and places of business having telephones.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
